Michael A. Cogswell

cogswell@vt.edu

GOAL

I focus on deep learning as applied to computer vision and I would like to use this focus to build intelligent systems in an attempt to learn about intelligence.

EDUCATION

B.S., Computer Science, Honors Scholar, Dec. 2013, **Virginia Tech**, Blacksburg, VA
GPA (overall): 3.77/4.0 GPA (in major): 3.76/4.0
B.S., Mathematics, Honors Scholar, Dec. 2013, **Virginia Tech**, Blacksburg, VA
GPA (overall): 3.77/4.0 GPA (in major): 3.70/4.0
M.S., Computer Science, Graduating Summer 2015, **Virginia Tech**, Blacksburg, VA
GPA (overall): 3.85/4.0
Ph.D., Electrical and Computer Engineering, Starting Fall 2015, **Virginia Tech**, Blacksburg, VA

COMPUTER SKILLS

Proficiencies: Python Linux caffe (Deep Learning library)
Familiarities: d3.js C/C++ scikit-learn Matlab Java

RELEVANT CLASSES

Intro Machine Learning	Intro Computer Vision	Numerical Optimization	Combinatorics
Probabilistic Graphical Models	Abstract Algebra	Theory of Algorithms	Numerical Methods

EXPERIENCE

Graduate Research Assistant, Blacksburg, VA — Summer 2014-Current
Pursue research combining Convolutional Networks and Computer Vision

- Pursuing other research projects with Convolutional Neural Networks
- Applied Convolutional Networks to Semantic Segmentation
- Added GPU capability to/maintained compute cluster

Blackwatch International, Rockville, MD — Summer 2013
Intern for IED Detection Team

- Created a protype radar imagery analysis module.

IBM, Raleigh, NC — Summer and Fall 2012
Intern for Data Analytics Team

- Developed machine learning features and visualizations.

Coast Guard Operations Systems Center, Kearneysville, WV — Summer 2010 and 2011
Intern for the Managed Services Team

- Generated reports using IBM Cognos 8, web development, scripting, various assignments.

Undergraduate Research: Removing Compile Time Dependencies for Testing — Fall 2010
Supervised by Dr. Stephen Edwards

- Rewrote Java bytecode to enable differing implementations of a program to compile.

Accurate Systems, Shepherdstown, WV — Summer 2009
Intern

- Fixed computers and installed a Joomla server.

FUNDING / EXTRA-CURRICULAR ACTIVITIES

Bradley Fellowship, Tuition + $36,000 stipend for 3 years, sponsored by VT ECE dept, starting in Fall 2015
Fencing, Elected Armorer, Treasurer, Vice President, and MVP of the VT Fencing Club, rated C2014
Pi Mu Epsilon, Member, National Mathematics Honorary Society
Upsilon Pi Epsilon, Member, International Honor Society for Computing and Information Disciplines
Phi Beta Kappa, Member, Honor Society
Scholarships, Pratt Engineering Scholarship, $5000, 2009-2010; AFCEA NOVA Scholarship, $4000; Gilbert L & Lucille C Seay Scholarship, $2000, 2010-2011; Computer Science Resource Consortium Scholarship, $1500, 2011-2012, 2013-2014
International Science Fair (High School) Participated with the project titled *Is a Multiply with Carry pseudo random number generator statistically more random than a Combined Linear Congruential pseudo random number generator?*
